Legends of the Fairway: Callaway Golf Experience

Lot 1

Ely Callaway Performance Center Experience for 2

Two golf bags filled with Callaway and Odyssey products

Two nights' accommodations for 1 couple

Dinner at Glass Box for 2

If you're ready to take your golf game to the next level, this visit to the Ely Callaway Performance Center at Callaway's headquarters in Carlsbad, California, is for you.

At Callaway's 75,000-square-foot R&D and fitting facility, you and a guest will receive a Tour-level club-fitting experience. Your swing will be evaluated with the same cutting-edge fitting technologies Callaway offers to professional PGA Tour players. Callaway's fitting specialist will then fit you with a full bag of Callaway and Odyssey products. These include a driver, fairway woods, hybrid irons, a putter, golf bag of your choice, and 6 dozen Callaway golf balls.

Your getaway also includes a two-night stay at The Westin Carlsbad Resort & Spa, where you can relax in coastal comfort before and after your Callaway experience. Unwind by the pool, indulge in a spa treatment, or simply soak up the Southern California sunshine.

Celebrate your improved game with dinner at Glass Box in Del Mar. Enjoy a 10- or 15-course omakase menu expertly guided by the chef, who chooses each course for balance and flow, or explore the restaurant's offerings of sashimi, sushi, raw bar selections, robata grill, and more as you desire.

All said, a hole-in-one kind of experience.

NOTES: Experience and dinner to be scheduled for mutually agreeable dates. Please refer to callawaygolf.com for information on available products.
