One extraordinary collaboration. Ten legendary Napa vintners. One exceptionally rare collectible.

Created to help complete the final miles of the 47-mile Napa Valley Vine Trail, this legendary Cabernet Sauvignon collection brings together ten of Napa Valley's most iconic wineries in a singular project that will never be repeated.

This complete collection features all ten limited-edition releases, creating an extraordinary cellar piece that few wine enthusiasts will ever have the opportunity to acquire.

Each bottle is silk-screened with a different section of the Napa Valley Vine Trail map. When displayed together in the custom wooden display holder, the ten bottles reveal the entire trail from the Vallejo Ferry Terminal to Calistoga, creating a stunning visual tribute to Napa Valley's landscape, community, and winemaking legacy. With just 800 of these rare collections produced, this is an opportunity to own a highly coveted piece of Napa Valley history.

To complement this legendary cellar treasure, you'll enjoy exclusive tasting experiences at two of the participating wineries: a Signature Experience for four at Vineyard 29 and an Elevated Current Release Experience for four at Crocker & Starr.

Your Vine Trail Cabernet collection includes one bottle of each of the following:

- Alpha Omega (2018)
- Vineyard 29 (2018)
- Crocker & Starr (2019)
- Newton Vineyard (2019)
- Spottswoode Estate (2019)
